

SOTHERN RETURNS, WEARING STRAW HAT

Actor Not Worried by Head-gear's Unseasonability or Wife's Divorce Suit.

H. Sothern, the actor, wore a straw hat to-day when he arrived on the Hamburg-American liner Deutschland. He wore that straw hat all the way across, to the great amusement of the American passengers who knew that the open season for that style of headgear in New York closes Sept. 15.

"The straw hat was the most conspicuous object on the pier when Mr. Sothern landed."

"I never thought of it," he said, "I was so busy to think his headgear. They were wearing straw hats in London when I left, and this hat is very comfortable. I do not say much about it to style you know. If I have a hat, they are in my bag."

It appears to me that the weather to-day is quite appropriate for straw hats.

Mr. Sothern said he was going on the road in a short time and will appear in New York next April. He expects then to put on a big production of "Macbeth."

On his road tour he will play "Hamlet" and "Lord Dunsin."

He was asked if he had heard that his wife, Virginia Harned, had been refused a divorce from him in Reno, Nev., because she failed to appear in person and

PROSTRATED BY HEAT; YES, TO-DAY, OCT. 16.

Sailor Waiting for Job on "No Transfer" Railroad Collapses for No Other Cause.

William Peel, a sailor, who is temporarily docked at No. 132 East Fifty-second street to-day, while waiting in line to get a job at the depot of the Third Avenue Railroad Company, Sixty-fifth street and Third avenue.

Dr. Pierce, of the Presbyterian Hospital, was summoned, but by the time he got there the sailor was sitting up and said he felt all right.

"What was the matter with me, Doc?" he asked, anxiously.

Dr. Peel looked him over carefully and sounded his heart and applied tests for

apoplexy or alcohol, but found Peel as sound as a new clinker-built boat. "It's heat prostration, that's what it is," he announced at last. "I guess that must be it," said Peel, greatly relieved. "You see, I've just got back from Labrador, and it feels kind of warm in these parts."

Incidentally, Peel furnished the only case of heat prostration in child October that has ever come to the attention of the health authorities.

HERE'S CITY ECONOMY.

New Deputy Chamberlain's Salary Cut from \$7,500 to \$5,000.

The city has found a Deputy City Chamberlain at \$5,000 a year. Heretofore the salary was \$7,500. To-day the Board of Estimate reduced the salary to \$5,000, and Harry Walsh, a former newspaper man, got the job.

"That is a wise elevation," commented Comptroller Metz, who appreciates the attainments of Walsh, who held a place in the Finance Department.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have FAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrup," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of Chas. H. Fletcher.
